be determined that the demand was one that ought to be or must be met, he quietly, and apparently without taking any one into his conproceeded to buy up the depressed of the Erie Company until he became the proprietor of so large a propertion of them that to hand \$6,000,000 or \$7,000,000 to Mr. Barlow was hardly more than to transfer it frem his right-hand pocket into his left. When this proceeding became known on the street, of course it produced a quick advance in the price of Erie shares from 534 to 574, the impression being that with the payment of this money into the Treasury, the coffers would be sufficiently swelled to permit; the payment of dividends, if not on the common, at least on the preferred shares. Pacific Mail abated not one jot or tittle from the late interest manifested in its course, and was as lively as ever, moving up from SI at the close last night to S21, but after a variety of tumbles and reactions the price finally landed at 762. Western Union Telegraph was active and strong, moving up to 612, these three shares forming, with Wabash and Ohios, the leading features of the market. Otherwise, the market has been quiet and devoid of interest, though there is much likelihood of activity for the next few days, arising from the singular turn in Erie. The general market ruled firm until near the close, when the extraordinary stringency in money gave the prices a marked appearance, and the market closed considerably lower. The opening, highest, lowest, and closing prices

The Secretary of the Treasury announced to-day that the January gold interest, due on the 1st proximo, would be paid on Saturday next (21st inst.) without rebate. This interest amounts to very nearly \$26,000,000, and will upon its disbursement have a tendency to strengthen the bank reserves, make cash gold more plentiful, and reduce the rates of foreign exchange. Gold was dull to-day all the way through, with the chief transactions at 111%, the range being 111% and 111%. The London market exerted no influence upon the price, while the sharp corner attempted yesterday was abandoned. On ans the rates were a sixty-fourth for use, flat, and for carrying, 1, 2, 3, 4, and 6 per cent. The Assistant Trensurerfredeemed, in called bonds, \$5,000, and paid out in coin interest \$97,000. The day's business at the Gold Exchange Bank was as follows : Gold cleared, \$70.690,000; gold balances, \$2,187,200; currency balances, \$2,790,715. The bids for the Treasury gold, to-day, amounted to \$0,931,000, at 111 (including an advertising bid at that price) to 111.56. The entire million was awarded to Jay Cooke & Co. at the latter price. The following are the

11:001114 12:001114 12:001114 3:301114 1:001114 1:001114
The day's business at the U. S. Sub-Treasury comprised:
Gold receipts
We asses the closing rates of foreign exchange:

10:200 ...... 1171 | 13:20, ..... 1374 | 1:00 ...... 1374 | 2:20 ...... 1374

103 6 1003 - 20 - 5.21 6 - 5.23 6 5.25 6 5.21 6 - 5.23 6 5.25 6 5.21 6 - 5.25 6 pressure severe during the whole day, the more common rate on call among the stock brokers being an eighth and

interest. The highest rate paid was three-eighths, and the lowest one-eighth flat, while the closing quotations were a quarter. The sale by the Treasury to-day of a million gold is likely to aggravate the prevailing striagency to-morrow. Mercantile paper is dull and rates are nominally 10 to 12 per cent. Government bonds have been quiet and the biddings

were lower again, owing to the lower range of gold. The market closed quiet on the basis of 1161 to 1161 for 1867s. Fisk & Hatch report as follows at 4 p. m .:

The Governing Committee of the Stock Exchange held an important meeting, last evening, to consider the case of Richard R. Butler, late of the firm of Clerke & Butler. Butler was summoned before the meeting to show cause why he, as a member of the Stock Exchange, should not be expelled under Article 25 of the Constitution, which

"Should any member be guilty of obvious fraud, of which the Governing Committee shall be the judge, he shall, upon conviction thereof, by a vote of two-thirds of the members of said Committee present, be expelled." After a full hearing of the case, it was decided that Butier was subject to the penalties of this article, and

the following resolution was passed: Resolved, that R. R. Butler is hereby expelled from nembership in the New-York Stock Exchange. The announcement of expulsion was made to the Stock

Exchange this morning. The facts in the case are familiar to all. Last Summer, when Mr. Cierke, formerly President of the Stock Exchange, was at his Summer residence at Newport, Butler took \$70,000 worth of the securities of the firm of which it was claimed on one side that he was simply a salaried partner, and on the other that he was more than that. These securities he turned into cash. The case went into the courts; Butler was arrested and imprisoned. We are not informed whether the case in the courts has been decided.

The earnings of the St. Louis and Iron Mountain Railroad for the first week in December were :

1872.....\$45,960 25 | 1871.......\$41,457 84 | Increase...\$5,502 41 Jan'i to Dec. 8: 1872.....\$2,032,543 78 | 1071.....\$1,517,618 25 | lac....\$574,929 89 The New-York Commissioners of the Canal Fund advertise a new State Loan for \$847,500, 10 years to run from Jan. 1, 1873, bearing 6 per cent interest, in gold, the principal being made reimbursable in gold. They invite sealed proposals for the loan, to be opened at Albany Dec. 27, (Friday of next week,) and the old 6 per cent stock of the State of New-York is made receivable in payment for the new loan.

The Wells Fargo Express Company have declared a dividend of 4 per cent payable Jan. 6.

The New-York Guaranty and Indemnity Company has declared a semi-annual dividend of 4 per cent payable

The National Life Insurance Company of the United States present, in another column, the advantages of insurance in a stock company. This corporation has a charter from Congress, and has a paid up capital of \$1,000,000. They issue all the approved forms of policies at rates of premium about 25 per cent less than the mutual companies. The Company has already issued 19,000 policies. The Directors are composed of prominent gen-tlemen well known in the financial world. Mr. E. A. Rollins is President of the Company, and Mr. Jay Cooke is Chairman of the Finance and Executive Committees. The East River Savings Institution will pay a dividend interest of 7 per cent on sums which have remained on deposit for 3 or 6 months previous to Jan. 1, 1873, payable on and after Jap. 10.

The Northern Pacific Railroad Company has in full operation 321 miles of road, and a distance of 200 miles more is constructed. Arrangements have been perfected for pushing the construction vigorously during the coming year. On the opening of Spring, upward of 500 miles of road will be in regular operation. Of the 10,000.000 acres of land accruing to the Company in connection of the portion of the road now virtually constructed, some 2,000,000 acres are in the market, and the average price thus far realized is \$5.66 per acre. The managers of the road report that on the completion of the Minnesota section of the road a large and satisfactory business was done, including local traffic and the carrying trade of the North-Western British settlements and the Hudson's Bay Company, and that the Pacific end, extending from Puget Sound to the Columbia River, has a profitable business heretofore done by the coasting steamers. The Company have now commenced redeeming and canceling the first mortgage gold bonds, as they are now received at 110 in exchange for the Company's lands. These bonds are a first and only mortgage on the road, its equipments, and lands, and bear interest at the

its line of road. We recommend them as a well secured and unusually profitable investment. They have the following elements of strength and safety:
They are the obligation of a strong corporation; they are a First Mortgage on the Road, its Right of Way. Telegraph Line, Equipments and Franchises, and a first lien on its Not Earnings. In addition to this appeally sufficient security there is piedged for Carsea. this usually sufficient security there is pledged for the payment of principal and interest a Land Grant of 12,800 acres per mile of road through the States, and 25,600 through the Territories. The rate of interest (seven and three-tenths per cent, gold,) is equal now to about 8; currency. Gold Checks for the semi-annual interest on the Registered Bonds are mailed

to the Post-Office address of the owner. All marketable securities are received in exchange on most favorable terms. JAY COOKE & Co.

We offer the balance of the First Mortgage (only \$16,000 per mile) 8 Per Cent Gold Quarterly COUPON BONDS of the LOGANSPORT, CRAW-FORDSVILLE AND SOUTH-WESTERN RAILWAY OF Indiana. This Road is finished and equipped, and already does a large business in the transportation of block coal. Jones & Schuyler, 12 Pine-st.

MILWAUKEE AND ST. PAUL GOLD SEVENS. MORTON, BLISS & Co., 30 Broad-st., will receive subscriptions for One Million Dollars of the First Mortgage Seven Per Cent Gold Bonds of the Milwankee and St. Paul Railway Co. at 95, payable and deliverable January 1st. The present cash value of the share capital of the Co. is over fifteen million

Insurince Companies.

#### COLUMBIA FIRE INSURANCE CO., 161 BROADWAY. SPECIAL NOTICE.

Errors having been made in publishing losses of Insurance Companies by the fire in Boston, the President and Directors of this Company deem it expedient and proper to inform the public that the whole amount of risks this Company has in the burned district of Boston is 104,006 deltars; that if this amount is a total loss the Company will pay it promptly, and still save a handsome surplus remaining over and above its capital.

Prom such information as can be obtained it is believed, however, that

the Company's loss will not exceed 75,000 dollars.

Nov. 14, 1872.
